ST. JOSEPH CENTER - A DEPARTMENT OF MENTAL HEALTH

SERVICE PROVIDER – CONTRACT COMPLIANCE REVIEW

We completed a contract compliance review of St. Joseph Center (St. Joseph or Agency), which included a sample of billings from Fiscal Years (FY) 2012-13 and 2013-14. The Department of Mental Health (DMH) contracts with St. Joseph to provide mental health services, including interviewing Program clients, assessing their mental health needs, and implementing treatment plans.

The purpose of our review was to determine whether St. Joseph provided the services outlined in their County contract, billed DMH for Program services provided, and appropriately spent DMH Program funds. We also evaluated the adequacy of the Agency's financial records, internal controls, and compliance with their County contract and other applicable guidelines.

During FYs 2012-13 and 2013-14, DMH paid St. Joseph approximately \$3.2 million and \$2.8 million on a cost-reimbursement basis, respectively. The Agency provides services in the Second and Third Supervisorial Districts.

#### **Results of Review**

#### **DMH Program Review**

St. Joseph generally maintained adequate documentation to support the billings reviewed, and the staff had the required qualifications to provide the mental health services.

#### **DMH Fiscal Review**

St. Joseph properly recorded revenue in their financial records, and Agency management reviewed and approved bank reconciliations timely. However, St. Joseph did not appropriately apply their Cost Allocation Plan (Plan). Specifically, St. Joseph allocated their indirect and shared costs based on budget and not actual expenditures as required by the Agency's Plan. In addition, St. Joseph inappropriately allocated \$21,580 in October 2013 and February 2014 in indirect and shared payroll costs reviewed based on pre-determined rates, not actual hours worked as required by Section B.3.2 of the Auditor-Controller Contract Accounting and Administration Handbook.

St. Joseph's attached response indicates that they will review FYs 2012-13, 2013-14, and 2014-15 indirect and shared cost allocation methodology and where applicable, revise the DMH Cost Reports accordingly, and repay DMH for any excess amounts received, if any.

We also noted St. Joseph charged DMH an additional \$37,215 in questioned costs. For example, St. Joseph:

- Did not maintain adequate documentation, such as invoices, canceled checks, vendor agreements, list of attendees, and/or the names of the DMH clients, to support \$25,726 (\$13,042 in FY 2012-13 and \$12,684 in FY 2013-14) in staff development, training, conferences, and holiday events expenditures reviewed.
  - St. Joseph's attached response indicates that they will continue to work with its sub-contractor and attempt to provide the requested supporting documentation, and if unable to provide the documentation, St. Joseph will revise the DMH Cost Reports for FYs 2012-13 and 2013-14 by \$13,042 and \$12,684, respectively.
- Charged DMH \$10,612 (\$5,962 in FY 2012-13 and \$4,650 in FY 2013-14) in unallowable expenditures, such as donations, late fees, penalties, prior year supportive services expenditures, and non-DMH Program expenditures.
  - St. Joseph's attached response indicates that they will revise the DMH Cost Reports for FYs 2012-13 and 2013-14 by reducing its total costs in the amounts of \$5,962 and \$4,650, respectively.

Details of our review, along with recommendations for corrective action, are attached (Attachment I).

# Review of Report

We discussed our report with St. Joseph and DMH. St. Joseph's attached response (Attachment II) indicates that they agree with our findings and recommendations. DMH management will work with St. Joseph to ensure our recommendations are implemented.

# ST. JOSEPH CENTER DEPARTMENT OF MENTAL HEALTH SERVICE PROVIDER CONTRACT COMPLIANCE REVIEW FISCAL YEARS 2012-13 AND 2013-14

#### **DMH BILLED SERVICES**

# **Objective**

Determine whether St. Joseph Center (St. Joseph or Agency) maintained documentation to support the services billed to the Department of Mental Health (DMH) in accordance with their County contract and related guidelines.

## Verification

We selected 39 (3%) of the 1,202 approved Medi-Cal billings for May and June 2013, which were the most current billings available at the time of our review (January 2014). We reviewed the Assessments, Client Treatment Plans, Progress Notes, and Informed Consent forms in the clients' charts for the selected billings. The 39 billings represent services provided to 20 clients.

#### Results

St. Joseph did not maintain documentation to support four (10%) of the 39 billings reviewed. The undocumented billings totaled \$877. Specifically, for four (10%) billings totaling \$877, the Progress Notes did not describe what the clients or service staff attempted and/or accomplished towards the Client Treatment Plan objectives, as required by the DMH Provider's Manual. According to the DMH Provider's Manual, Chapter 1, Page 1-9 and Chapter 2, Page 2-2, each chart note must include a description of service provided, what was attempted and/or accomplished during the contact toward the attainment of a treatment goal.

#### Recommendations

- St. Joseph Center management:
- 1. Repay the Department of Mental Health \$877.
- 2. Ensure that Progress Notes are completed and documented as required.

#### STAFFING QUALIFICATIONS

#### **Objective**

Determine whether St. Joseph's treatment staff had the required qualifications to provide the mental health services.

AUDITOR-CONTROLLER
COUNTY OF LOS ANGELES

#### Verification

We reviewed the California Board of Behavioral Sciences' website and/or the personnel files for 17 (41%) of the 41 treatment staff who provided services to DMH clients during May and June 2013.

#### **Results**

Each employee reviewed had the required qualifications to provide the mental health services.

# **Recommendation**

None.

# **CASH/REVENUE**

# **Objective**

Determine whether St. Joseph properly recorded revenue in their financial records, deposited cash receipts into their bank accounts timely, and if bank account reconciliations were reviewed and approved by Agency management timely.

# **Verification**

We interviewed St. Joseph personnel, and reviewed their financial records and February 2014 bank reconciliation for one bank account.

#### Results

St. Joseph properly recorded revenue in their financial records, deposited their DMH cash receipts timely, and the bank reconciliation was reviewed and approved by Agency management timely.

#### Recommendation

None.

#### **COST ALLOCATION PLAN/EXPENDITURES**

#### Objective

Determine whether St. Joseph's Cost Allocation Plan (Plan) complied with their County contract, and if expenditures charged to DMH were allowable, properly documented, and appropriately allocated.

#### Verification

We reviewed the Agency's Plan and their financial records for 44 non-payroll expenditures, totaling \$110,197, charged to DMH from July 2012 through February 2014. We also interviewed Agency personnel.

#### Results

St. Joseph prepared their Plan in compliance with their County contract. However, St. Joseph did not appropriately apply their Plan. Specifically, St. Joseph allocated their indirect and shared costs based on budget and not actual expenditures as required by the Agency's Plan. In addition, St. Joseph charged DMH \$36,338 in questioned costs. Specifically, St. Joseph:

- Did not maintain adequate documentation, such as invoices, canceled checks, vendor agreements, list of attendees, and/or the names of the DMH clients, to support \$25,726 (\$13,042 in Fiscal Year (FY) 2012-13 and \$12,684 in FY 2013-14) in staff development, training, conferences, and holiday events expenditures reviewed.
- Charged DMH \$10,612 (\$5,962 in FY 2012-13 and \$4,650 in FY 2013-14) in unallowable expenditures, such as donations, late fees, penalties, prior year supportive services expenditures, and non-DMH Program expenditures.

#### Recommendations

#### St. Joseph Center management:

- 3. Re-allocate Fiscal Years 2012-13, 2013-14, and 2014-15 indirect and shared costs allocated to the County Program based on an allowable and equitable basis, reduce the Cost Reports by over allocated amounts, and repay the Department of Mental Health for any excess amounts received.
- 4. Reduce the Fiscal Year 2012-13 Cost Report by \$5,962 and Fiscal Year 2013-14 Cost Report by \$4,650 for unallowable expenditures and repay the Department of Mental Health for any excess amounts received.
- 5. Provide supporting documentation for \$13,042 for Fiscal Year 2012-13 and \$12,684 for Fiscal Year 2013-14, or reduce the Cost Reports by the unsupported amounts and repay the Department of Mental Health for any excess amounts received.
- 6. Ensure that the indirect and shared costs are allocated to the Program in accordance with their Cost Allocation Plan and County contract requirements.

- 7. Ensure that the expenditures are supported by adequate documentation.
- 8. Ensure that allowable expenditures are charged to the Department of Mental Health Program.

# **FIXED ASSETS AND EQUIPMENT**

# **Objective**

Determine whether St. Joseph's fixed assets and equipment purchased with DMH funds were used for the DMH Program and adequately safeguarded.

#### Verification

We interviewed St. Joseph's personnel, and reviewed their fixed assets and equipment inventory list. We also performed a physical inventory of four items purchased with DMH funds to verify the items exist and were being used for the DMH Program.

#### Results

St. Joseph adequately safeguarded and used the items reviewed for the DMH Program.

# **Recommendation**

None.

#### **PAYROLL AND PERSONNEL**

# **Objective**

Determine whether St. Joseph maintained personnel files as required and if payroll expenditures charged to DMH were allowable, properly documented, and appropriately allocated.

#### **Verification**

We compared the payroll costs for ten employees and one intern, totaling \$50,350 (\$28,770 in direct, \$13,041 in indirect, and \$8,539 in shared payroll costs) for October 2013 and February 2014, to the Agency's payroll records and time reports. We also interviewed staff and reviewed personnel files for the ten employees and one intern.

#### <u>Results</u>

St. Joseph maintained adequate documentation to support the \$28,770 in direct payroll costs reviewed. In addition, St. Joseph maintained their personnel files as required.

However, St. Joseph inappropriately allocated \$21,580 in indirect and shared payroll costs reviewed based on pre-determined rates, not actual hours worked as required by Section B.3.2 of the Auditor-Controller Contract Accounting and Administration Handbook. According to Agency personnel, they were instructed to allocate their time based on a pre-determined percentage of hours worked each day by program and not actual hours worked.

#### Recommendations

Refer to Recommendation 3.

9. St. Joseph Center management ensure employees record actual hours worked each day per program.

# **COST REPORT**

# **Objective**

Determine whether St. Joseph's FY 2012-13 DMH Cost Report reconciled to their financial records.

# **Verification**

We compared the Agency's FY 2012-13 DMH Cost Report to their financial records.

#### Results

St. Joseph's FY 2012-13 DMH Cost Report reconciled to their financial records.

#### Recommendation

None.
